Dear Steve:

After many years of knowing how hard you have worked to build your business and seeing your company's success, I was finally able to personally work with you on a job for FEVA.

Starting at 1:00 a.m., you and your team poured approximately 41,000 sq. ft. of concrete at our new fabrication shop and did an outstanding job. I was admiring how well organized your men were. They all worked together as a team. The floor looks great and we would not hesitate to recommend your company to any customer.

On behalf of Mark, Carla and the FEVA family, we appreciate your expertise in the concrete business and we thank you for the good job you did for us.

Sincerely,
